Review Article

1 Therapeutic progress—Review XXXIV
Congestive cardiac failure
M. K. Davies

Research and Reports

21 Microbial contamination of cosmetics and personal care items in Egypt—eye shadows, mascaras and face creams
A. A. Abdelaziz, M. S. E. Ashour, H. Hefni and O. M. El-Tayeb

29 Microbial contamination of cosmetics and personal care items in Egypt—shaving creams and shampoos
A. A. Abdelaziz, M. S. E. Ashour, H. Hefni and O. M. El-Tayeb

35 High-performance liquid chromatographic analysis of theophylline in serum and its use in therapeutic drug monitoring
Y. M. El-Sayed and S. I. Islam

45 The stability of amoxycillin sodium in normal saline and glucose (5%) solutions in the liquid and frozen states
C. McDonald, V. Bruce Sunderland, H. Lau and R. Shija

53 Stability of caffeine citrate injection in intravenous admixtures and parenteral nutrition solutions
M. C. Nahata, J. Zingarelli and D. E. Durrell

57 Patients' knowledge concerning their medications on discharge from hospital
T. Pullar, P. Roach, E. J. Mellor, J. McNeece, A. Judd, M. Feely and J. Cooke

61 Optimization of blood sampling time after intravenous bolus doses of gentamicin
D. K. Scott and E. Edwards

71 Population pharmacokinetics of phenytoin from routine clinical data in Japan
E. Yukawa, S. Higuchi and T. Aoyama

NUMBER 2

Commentaries

79 Adverse drug reaction reporting and pharmacists
J. E. Fincham

83 The pharmaceutical industry and legislation in Egypt—historical perspectives and current practice
A. Kandil

Review Articles

87 Therapeutic progress—Review XXXV
Therapeutic progress in intensive care— rational use of vasoactive and inotropic drugs in the intensive care unit
M. C. C. Clapham and R. B. Hopkinson

103 Local anaesthesia of the skin
A. D. Woolfson and D. F. McCafferty

Research and Reports

111 Bioequivalency of ranitidine tablets
H. N. Alkaysi, M. A. Sheikh Salem, A. M. Gharaibeh, Y. M. El-Sayed, K. I. Ali-Gharaibeh and A. A. Badwan

119 Performance of two predictive methods for calculation of the key pharmacokinetic parameters for gentamicin dosage individualization
Y. M. El-Sayed

127 Comparison of fluorescence polarization immunoassay and HPLC for the determination of theophylline in serum
Y. M. El-Sayed and S. I. Islam

135 Audiovisual demonstration for patient counselling in the use of pressurised aerosol bronchodilator inhalers
J. C. McElnay, M. G. Scott, A. P. Armstrong and C. F. Stanford

145 Influence of food on bioavailability from two controlled-release granules of theophylline
H. Tada, M. Ishikawa, E. Sato, T. Suzuki, K. Unno, K. Miura, Y. Ohmiya and K. Nakai

153 The behaviour of bioadhesive betamethasone tablets in the mouth
I. G. Tucker, H. A. M. Szylkarski and K. Romaniuk

NUMBER 3

Review Article

159 Metoprolol—controlled release, zero order kinetics
M. J. Kendall

Research and Reports

181 A rapid high-performance liquid chromatography assay of glibenclamide in serum
M. E. Abdel-Hamid, M. S. Suleiman, Y. M. El-Sayed, N. M. Najib and M. M. Hasan

189 HPLC studies on the degradation profiles of glucose 5% solutions subjected to heat sterilization in a microprocessor-controlled autoclave
A. P. Cook, T. M. MacLeod, J. D. Appleton and A. F. Fell

197 Acetylation phenotyping of isoniazid using a simple and accurate high-performance liquid chromatography
Y. M. El-Sayed and S. I. Islam

207 Microbial contamination of cosmetics and personal care items in Egypt—body lotions and talcum powders
M. S. E. Ashour, A. A. Abdelaziz, H. Hefni and O. M. El-Tayeb

213 Population pharmacokinetic study of gentamicin and a Bayesian approach in patients with renal impairment
J. M. Lanao, A. Berrocal, M. V. Calvo, M. Perez, B. de la Calle and A. Dominguez-Gil

225 Theophylline pharmacokinetics in patients with bronchopulmonary dysplasia
N. C. Nahata, D. Serafini and R. Edwards

231 Serum calcium levels in various lung diseases
M. Torun, A. Hacısalihoglu, S. Kır, A. Temizer and B. Şimşek

Commentary

235 Women and pharmacy—a view from the United States
B. Sauer
